Skin Care Services

Customized facial and skin therapies begin with a personalized evaluation of your specific skin care need. Your esthetician will recommend a treatment designed to provide optimal results based upon your skin analysis.

Deep Pore Signature Facial

Our signature facial utilizes a warm steam mist and enzyme mask to promote deep pore cleansing, followed by extractions and a high frequency wand to sterilize the skin. After your facial massage, a soothing mask is applied. The finishing touch is a moisturizer and sun block to seal in hydration and guard against sun exposure.

45 minutes

Acne Facial

This treatment combines a variety of citric enzyme mask, manual extraction, and skin sterilization using a galvanic micro-current in an effort to control acne breakouts, redness, and surface scarring. To finish, an antiseptic mask is applied followed by an oil-free moisturizer with sun block. To avoid irritating the skin, this facial will not include a face massage.

50 minutes

Back Facial

Our back facial is designed to balance oil and hydration levels resulting in normal, supple skin. By deep cleansing embedded dirt, blackheads and toxins from the pores, the skin is hydrated, toned, and rebalanced.

50 minutes

Anti -Aging Vitamin C Firming Facial

Our facial introduces collagen-repairing Vitamin C deep into the cellular layers of the skin. Elasticity is instantly improved, while the wrinkles and fine lines that stem from fatigue are erased. Scientifically proven to regenerate cells damaged by sunlight, smoke and air pollution, this firming facial encourages recovery from within for youthful, glowing skin. You will feel completely radiant and revitalized.

50 minutes

Custom Enzymatic Facial

The Epicuren “enzyme” treatment is specifically designed to nourish, replenish and energize the skin cells. This special Epicuren system stimulates capillary blood flow to the skin; this activity increases the cells’ ability to metabolize new healthy skin cells. Recommended for sun damaged, dehydrated, and stressed skin.

60 minutes

Glycolic Facial “Lunch Time Peel”

An intensive treatment designed to rapidly exfoliate the epidermal cells, unclog pores, and reduce the appearance of fine lines, scars, and hyper-pigmentation. Stimulates new skin cell and collagen production leaving skin firmer and younger in appearance. This treatment is recommended in a series for maximum effectiveness.

60 minutes

Medical Grade Peels

Lactic Acid Peel (*lightest peel, great for first timers*)

- Super exfoliant that helps with skin rejuvenating, moisturizing, and brightening
- Non-irritating peel with little to no subsequent flaking
- Little if any downtime
- No post-peel redness
- Excellent for individuals with *light-complexion* or *sensitive skin*
- Safe to use during pregnancy or when nursing

60 minutes

Salicylic Peel (*med-deep peel*)

This salicylic acid peel works best for deep black heads, acne, and darker pigmentation areas, working beneath the epidermis to achieve a smoother, clearer, radiant complexion. Helps to minimize pores and smooth skin texture.

60 minutes

Jessner Peel (*deep peel*)-*Combination of Resorcinol, Lactic, and Salicylic Acid*

- Superficial peel that causes exfoliation of outer skin layers
- Smooth skin texture and diminishes fine lines
- Evens skin tone, lightens, brightens and helps fade hyper-pigmentation
- Helps with acne and acne scars
- Helps photo-damaged and aged sun damaged skin
- Gives a more even complexion
- Minimizes enlarge pores
- Improve acne condition
- Perfect peel for *acne prone* or *oily skin*
- Avoid sunlight for one week

60 minutes

Natural Body Peel

- 21 separate nurturing vitamins, minerals, humectants and soothing ingredients to leave skin surface feeling wonderfully soft, moist and pliable due to the multiple beneficial ingredients.
- Reverse the visible signs of aging
- Removes dry, rough surface cells
- Can be used on face, arms, legs, feet, hands and body
- Speeds up removal of Melasma and pigment irregularities from sun damage
- Leaves skin luxuriously soft, smooth and moisturized
